

FORMAL WORKSHOP PERMISSION EMAIL

AI Draft → Professional & Concise Refinement

261FB04042 | T.G Sravan Teja | 1ST MTech - CSE

Purpose: Demonstrate how an AI-generated formal email can be refined for a professional academic/workplace context.

1. Initial AI-Generated Draft

Subject: Request for Permission to Conduct a Workshop

Dear Sir/Madam,

I am writing to request permission to conduct a workshop for the students of our institution. The workshop is intended to provide students with practical knowledge and hands-on exposure to an important technical topic.

The workshop will cover relevant concepts, practical demonstrations, and interactive activities to help students improve their understanding of the subject. We believe that this workshop will support their academic and technical development.

I kindly request you to grant permission to conduct the workshop on a suitable date and time. I would be grateful for your approval and support.

Thank you for your consideration.

Yours sincerely,

[Name]

[Designation / Department] [Institution]

2. Refined Professional & Concise Version

Subject: Request for Permission to Conduct a Student Workshop

Dear Sir/Madam,

I would like to request permission to conduct a workshop for students on [Workshop Topic]. The session will focus on practical concepts, demonstrations, and hands-on activities designed to strengthen students' technical knowledge and industry awareness.

I kindly request your approval to conduct the workshop on [Proposed Date] at [Proposed Time]. The session is expected to benefit students by providing practical exposure beyond the regular curriculum.

I would appreciate your approval and support. Please let me know if any additional details or arrangements are required.

Thank you for your consideration.

Yours sincerely,

[Name]

[Designation / Department]

[Institution]

3. What Was Improved

- More professional: Used direct, formal language appropriate for an institution.
- More concise: Removed repeated statements about the workshop's benefits.
- Clear purpose: The workshop topic and intended outcome are stated immediately.
- Specific request: The refined version explicitly asks for approval and includes date/time placeholders.
- Action-oriented closing: The recipient can request any additional details or arrangements.
- Better structure: Subject, purpose, request, benefit, and closing follow a logical sequence.

4. AI Prompt Used for Refinement

Rewrite the following email requesting permission to conduct a student workshop. Make the tone professional, formal, respectful, and concise. Remove unnecessary repetition, clearly state the purpose of the workshop, make the permission request explicit, retain important details, and use a suitable professional closing. Do not add unsupported information. Keep placeholders for the workshop topic, date, time, sender details, and institution where required.

5. Final Result

The refinement demonstrates an AI-assisted writing workflow: draft → review → identify unnecessary or vague wording → improve tone and structure → produce a concise final email. The final version is suitable for requesting formal permission from a faculty member, department head, coordinator, or institutional administrator.
